SRI B. B. SAYANAK,—To my question whether this office-*cum*-godown of Santibastwad was started in the year 1973, the answer is 'No'. If the building was not started in the year 1973, why the Government sanctioned Rs. 27,970 for that society.

† SRI K. H. RANGANATH.—The construction commenced in the year 1971, but not in 1973. Therefore, the answer is 'No'.

SRI B. B. SAYANAK —As per the estimate the cost is Rs. 20,827, then why the Government sanctioned Rs. 27,170.

SRI K. H. RANGANATH.—The Government has given a loan of Rs. 15,000 only.

SRI B. B. SAYANAK.—The Government has sanctioned Rs.15,000 and the society spent Rs. 27,000. But the estimate is for Rs. 20,900, How does it happen like that?

SRI K. H. RANGANATH.—The original estimate was for Rs. 20, 827. By now the Society has already spent about Rs 42,970 as they have revised the estimate and plan. I have been told that they have put up upstairs and other things. That is why the cost has gone up.

SRI B. B, SAYANAK.—May I know whether the Registrar of Co-operative Societies has given sanction to construct the office-*cum*-godown building at Santibastawad in Belgaum?

SRI K. H. RANGANATH.—Sanction of loan of Rs. 15 000 would automatically be given on the inference that some sort of permission is there. Anyway, the Government would see that the building is immediately completed.

SRI B. B. SAYANAK:—The building has already been completed.

SRI K. H. RANGANATH,—That is the information of the hon'ble Member. My information is that the building has gone upto the roof level and it is not completed. Anyway I shall get it verified. If the building is completed, there will be the formality of regularising the expenditure incurred. We will do that. If the building is not completed, Government would take action to see that what steps should be taken to complete it.
